

It's rare to find that an out-of-the-box prepackaged solution will support all the needs of an organization. Most enterprises, regardless of size, typically have a mix of packaged software applications and home-grown or custom developed software applications.

CSD Custom Software Development

Built Right. Built for You.

As a leading custom software development company, Microexcel's Custom Software Development (CSD) division offers a full range of custom software development services that address and solve simple and complex business challenges.

Whether your need is custom software application development for on-premise, web, cloud or mobile, Microexcel's Custom Software Development (CSD) division focuses on leveraging the latest technology and best practices to delight our global customers.

Technologies	Solution Areas	Industries	Methodology
<ul style="list-style-type: none"> ▶ Node.js ▶ Angular, angular2, bootstrap ▶ Java stack ▶ Mean Stack ▶ Javascript, CSS ▶ .Net, SQL ▶ XML ▶ iOS and Android ▶ Liferay ▶ Drupal ▶ PHP ▶ Joomla ▶ WordPress 	<ul style="list-style-type: none"> ▶ Mobile & Web Applications ▶ Enterprise Search, Knowledge Management ▶ Web Publishing, eCommerce ▶ Application to Cloud Migration ▶ Data Architecture & Migration ▶ Knowledge Management ▶ ePublishing ▶ eCommerce ▶ Content Management & Enterprise Search ▶ Application Development ▶ Mobile Development ▶ Content Migration & Conversion ▶ Health IT & Coding Solutions ▶ UI/UX Design ▶ Application Architecture ▶ Application to Cloud Migration ▶ Data Architecture & Migration 	<ul style="list-style-type: none"> ▶ Healthcare ▶ Healthcare Data Integration & Modeling ▶ Healthcare Mobility Enablement ▶ Responsive Healthcare Development ▶ Custom Patient Engagement ▶ Associations & Government ▶ IT Services ▶ Software Vendors ▶ Manufacturing ▶ Online Retail 	<ul style="list-style-type: none"> ▶ PMI Project Management ▶ AGILE Development ▶ Scrum Master Certified ▶ ISO 9001 ▶ ISO 27001
			 <p>People</p> <ul style="list-style-type: none"> ▶ Software Architects ▶ Security Architects ▶ UI/UX Engineers ▶ Software Engineers ▶ Quality Assurance Engineers ▶ Mobile Developers ▶ Project Managers ▶ Business Analysts
